

# Request for MaSTIC mobility financing

This form allows you to make a financing request from MaSTIC for the financing of **mobility**. This request is independent and complementary to other funding requests. The file is examined by the manager who ensures that the file is complete and compliant, the deadline is respected and the budget is available. She will send the decision notice to the applicant and to the Research Unit.

## The process

- Submission of the request over a calendar year.
- Submission of applications no later than **6 weeks before departure**.
- Evaluation by the EUR office as it occurs.
- Response to the financing request no later than **1 month before departure**.
- Payment of funds allocated by MaSTIC and the DRPI to the laboratory **before the end of the calendar year**.

Only applications where **co-financing** is guaranteed will be considered. Requests for travel funding within the framework of joint thesis supervision are ineligible. MaSTIC only funds **one application per calendar year and per person** at most.

## Feedbacks

Supporting documents will be requested before or after the project. The applicant also undertakes to share his experience on the MaSTIC's LinkedIn and the ED and/or EUR website in the format of your choice: **article, video, podcast, etc.**
